

# Autodesk software download information

March 2009

To download or request your new software you need to access the Autodesk subscription centre.

## Not already registered

If you are not already registered on the subscription centre, you must do this first by following the link below:-

<http://subscription.autodesk.com/sp/servlet/index?siteID=11564774&id=11693388>

Having registered you may continue to the download and request screen by selecting **Download your product software**.

This will take you directly to screen 3 below.

## Already registered

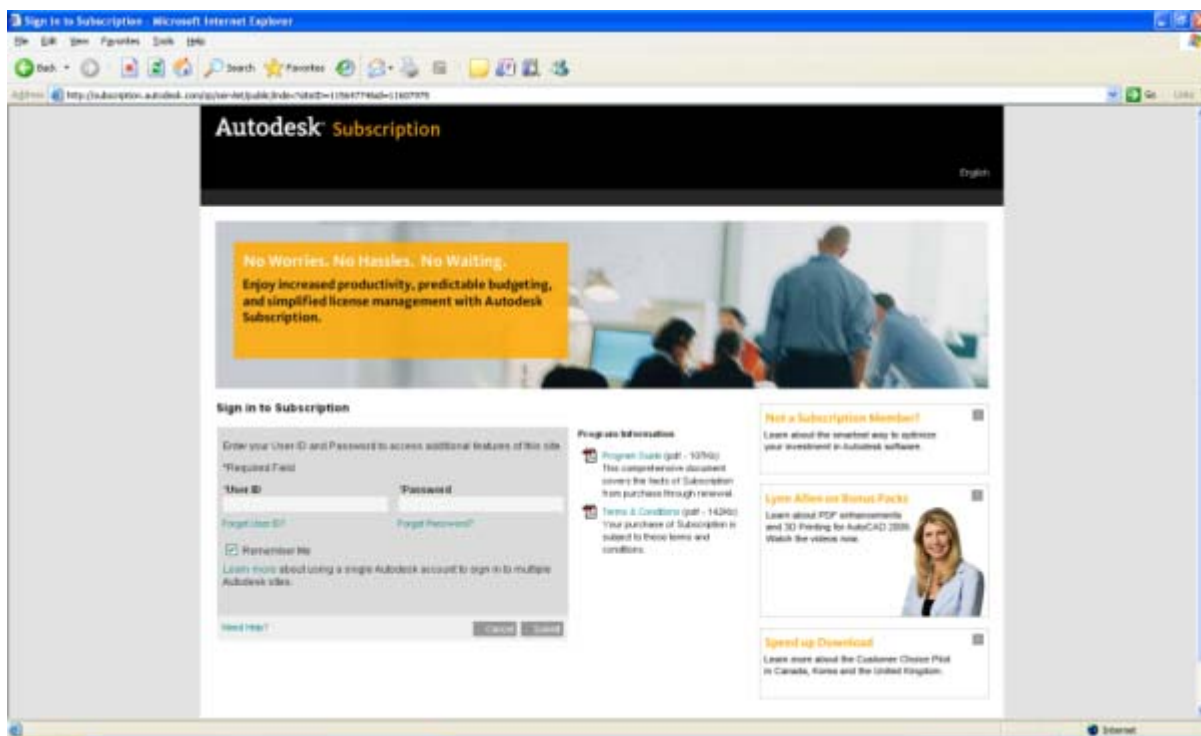

If you are already registered on the subscription centre, download or request your new software by following the link below:-

<http://subscription.autodesk.com/sp/servlet/public/index?siteID=11564774&id=11607975>

## Already registered but forgotten your password

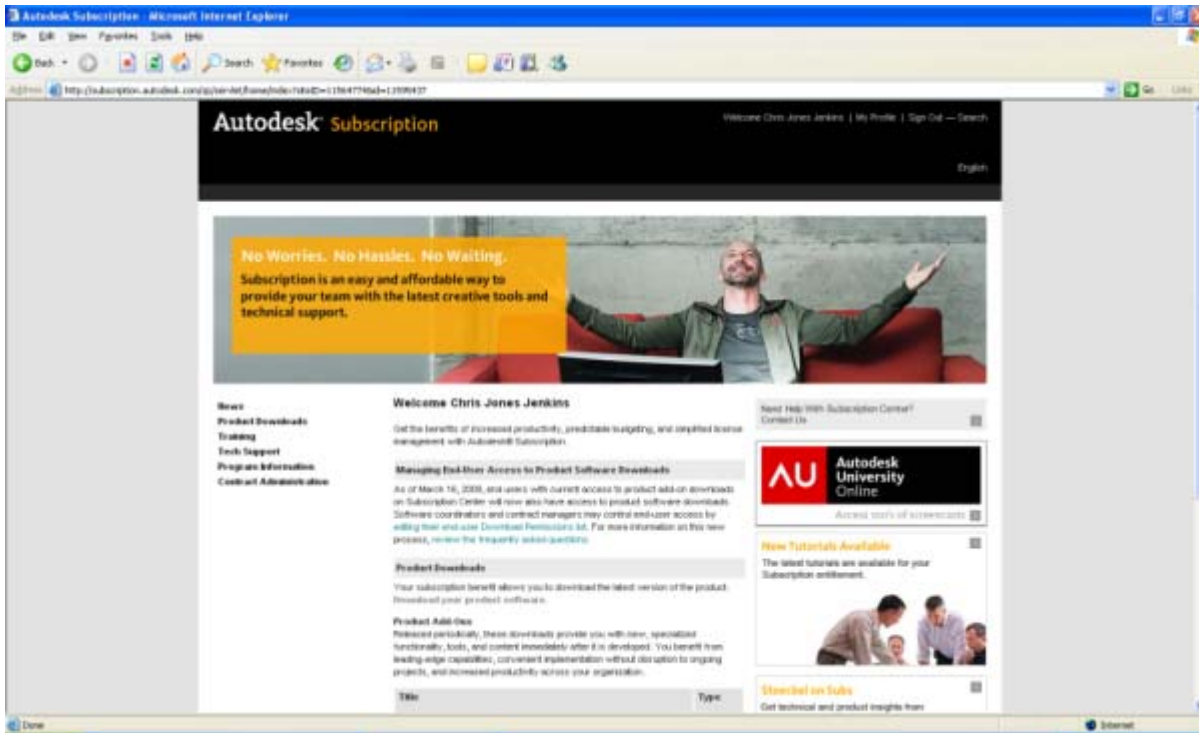

Please refer to the separate document "If you have forgotten your password or user id"

Screen 1

Enter your user id and password. Select "submit".

## Screen 2

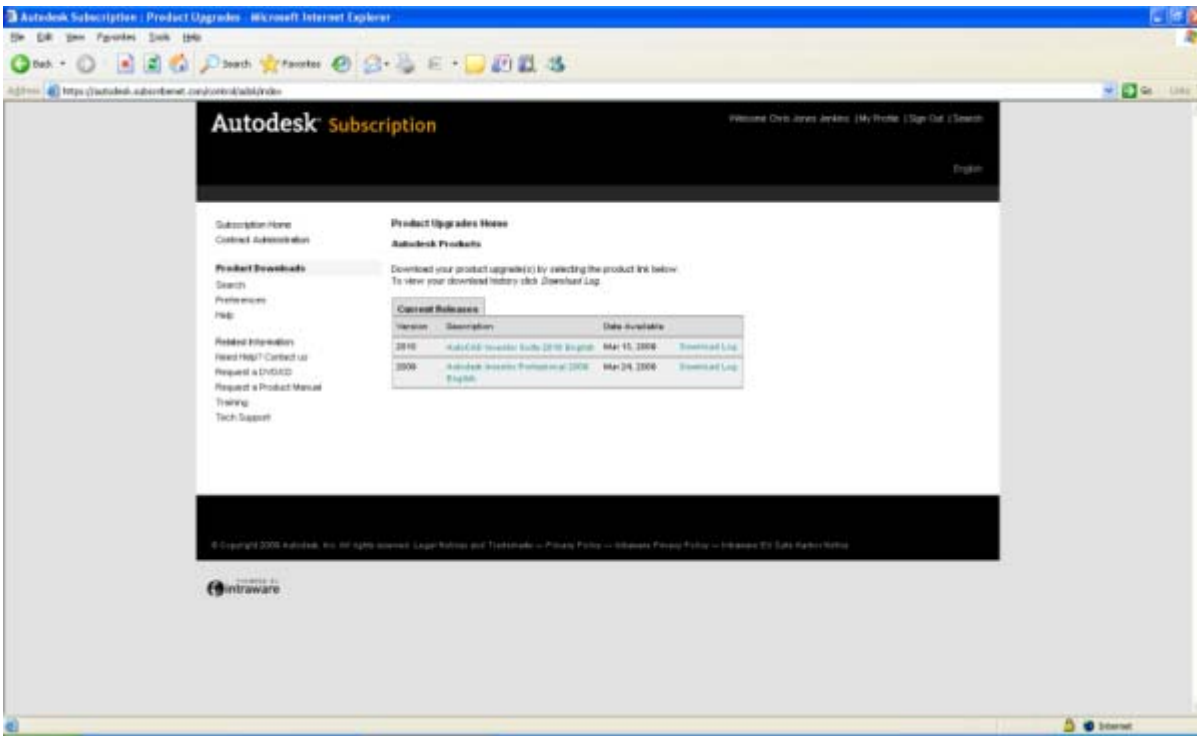

In the middle of screen under “Product Downloads” select “[Download your product software](#)”.

You now have a choice of whether to:

- download your software directly
- request a CD/DVD
- or both (you can download the software and then request a CD/DVD)

## Screen 3

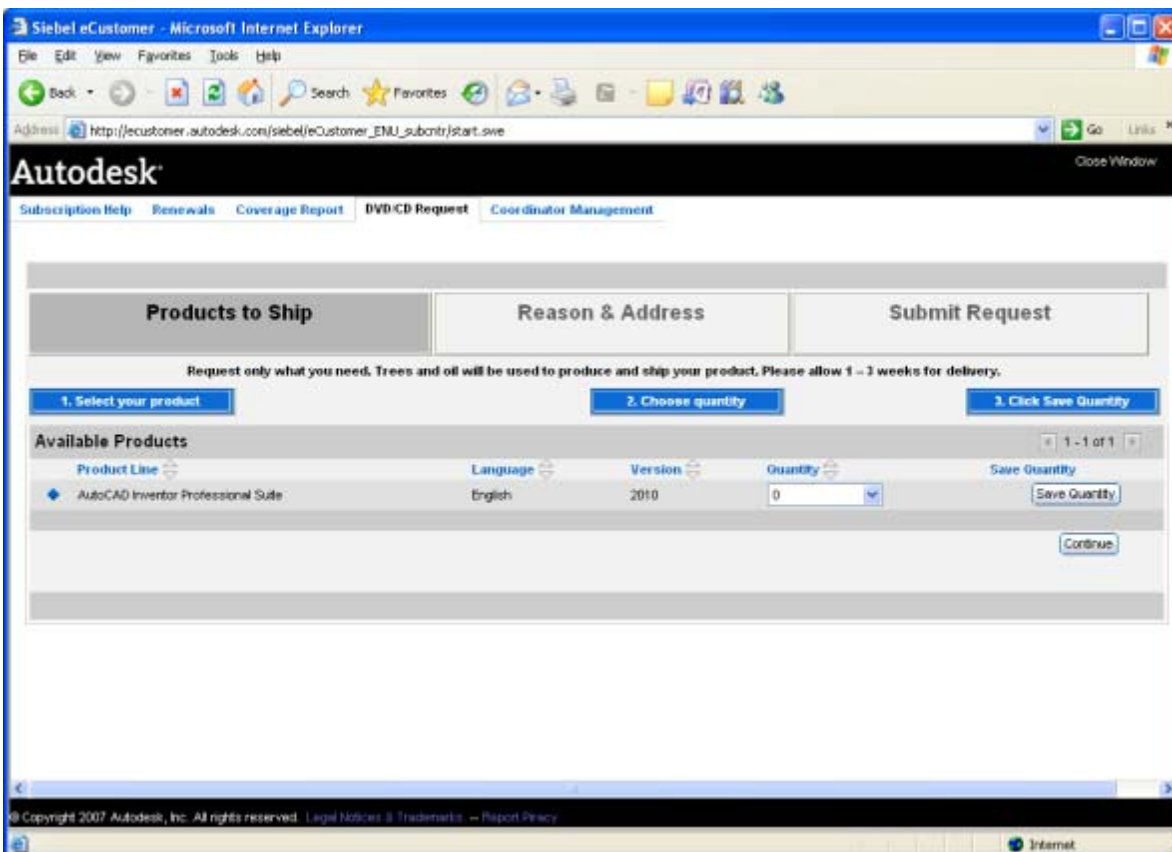

Select either "Request a CD/DVD" or the software you wish to download.

Note If you want to do both, request the CD/DVD first

If you request a CD/DVD, the following window will appear:-

Follow the instructions to request your chosen software.

To download your software return to the main subscription centre screen and follow the on screen instructions.

**NOTE:**

Inventor 2010 is now one DVD set or one download for both Suite & Professional. A product key identifies the software to be installed.
